(IF REFERRED BY ANOTHER CLIENT, PLEASE PROVIDE THEIR FIRST AND LAST NAME)

DO WE HAVE PERMISSION TO USE ANY PHOTOS OR VIDEOS TAKEN FOR MARKETING PURPOSES? **Yes** **No**

LIABILITY WAIVER AND RELEASE

PLEASE READ THE FOLLOWING:

Spray tanning is accomplished by application of a solution containing the active ingredient DHA (Dihydroxyacetone). DHA is an ingredient derived from sugar cane and used in cosmetics. The solution is sprayed on to the skin manually by a technician for a more detailed, custom – hands-on method. Before arriving, please make sure you are fully exfoliated and all lotions, makeup and deodorant is removed. We recommend shaving or waxing 1-2 days prior to your spray tan for the longest lasting results.

You will enter a private room where you will remove your clothing. How much you remove is up to you and your level of comfort. We will provide you with disposable undergarments if needed. However, if you choose to wear any clothing of your own, it should be of a dark color. The solution will wash out of clothing, but it is best to wash as soon as possible following your session.

You will be sprayed. This process will take approximately 20 minutes. After spraying, your skin must be dry before putting your clothes back on and you should not bathe or sweat excessively for at least eight hours. The solution will give you an immediate bronzing effect. The bronzing effect is a result of a coloring additive in the solution that will remain on the skin until you are actually tan. When you shower, the coloring will come off to reveal your actual tan beneath.

Everyone is different. All ingredients in the product used in this treatment are intended for cosmetic use and are generally regarded as safe. There are, however, occasions where individuals may be allergic to one or more ingredients in the spray tan solution.

Be advised there is a small percentage of individuals whose skin does not react favorable to spray tanning. For this reason, we do NOT advise being sprayed for the first time when your appearance is critical; (i.e., wedding, special occasion, photographic session, modeling assignment, etc.) unless you have had a trial spray tan with us before.

Warning: This product does not contain a sunscreen and does not protect you against sunburn. Repeated exposure of unprotected skin while tanning may increase the risk of skin aging, skin cancer and other harmful effects to the skin even if you do not burn. BECAUSE OF THE ACTIVE INGREDIENTS IN THE SOLUTIONS AND THE MANY VARIABLES INVOLVED, SUCH AS THE AMINO ACIDS AND PROTEINS OF YOUR SKIN, THE PREPARATION BEFORE APPLICATION AND PROPER MAINTENANCE AFTERWARDS, WE CANNOT EFFECTIVELY GUARANTEE THAT YOUR RESULTS OF THE SPRAY TAN WILL BE THE SAME AS SOMEONE ELSE. THEREFORE, WE DO NOT OFFER REFUNDS OR CREDITS ON ANY SPRAY TANNING SESSION. IT IS IMPORTANT TO CALL THE NEXT DAY IF THERE IS AN ISSUE WITH YOUR SPRAY TAN OR TO COME IN SO THE TECHNICIAN CAN ASSIST YOU WITH YOUR TAN BEING THE BEST COLOR THAT IT CAN BE.

THIS PROCESS HAS BEEN EXPLAINED TO ME AND I HEREBY AGREE TO ALLOW THE STAFF OF REMEDI ELITE DAY SPA LLC TO APPLY THE SPRAY TAN SOLUTION TO MY SKIN. TO MY KNOWLEDGE, I HAVE NO MEDICAL CONDITION OR ALLERGY THAT WOULD PRECLUDE ME FROM HAVING THE TREATMENT DONE.

I AGREE TO HOLD REMEDI ELITE DAY SPA LLC AND ITS STAFF HARMLESS OF ANY AND ALL MEDICAL COMPLICATIONS THAT MAY ARISE. I HAVE BEEN ADVISED TO DISCONTINUE USE IF ANY REACTION OCCURS.

BY SIGNING BELOW, I CERTIFY THAT I HAVE READ AND FULLY UNDERSTAND THE CONTENT OF THIS FORM.
